

OUR CITY

The wild doesn't end where the roads begin

TERRY PARKER/NWTAT

The city of Yellowknife had its start on the banks of Great Slave Lake, in what's now called Old Town. From the still-in-use shacks in the Woodyard (near Ragged Ass Road and Bretzlaff Drive) to the Wildcat Cafe and Yellowknife's oldest general store, Weaver and Devore, the city's history is still alive and well.

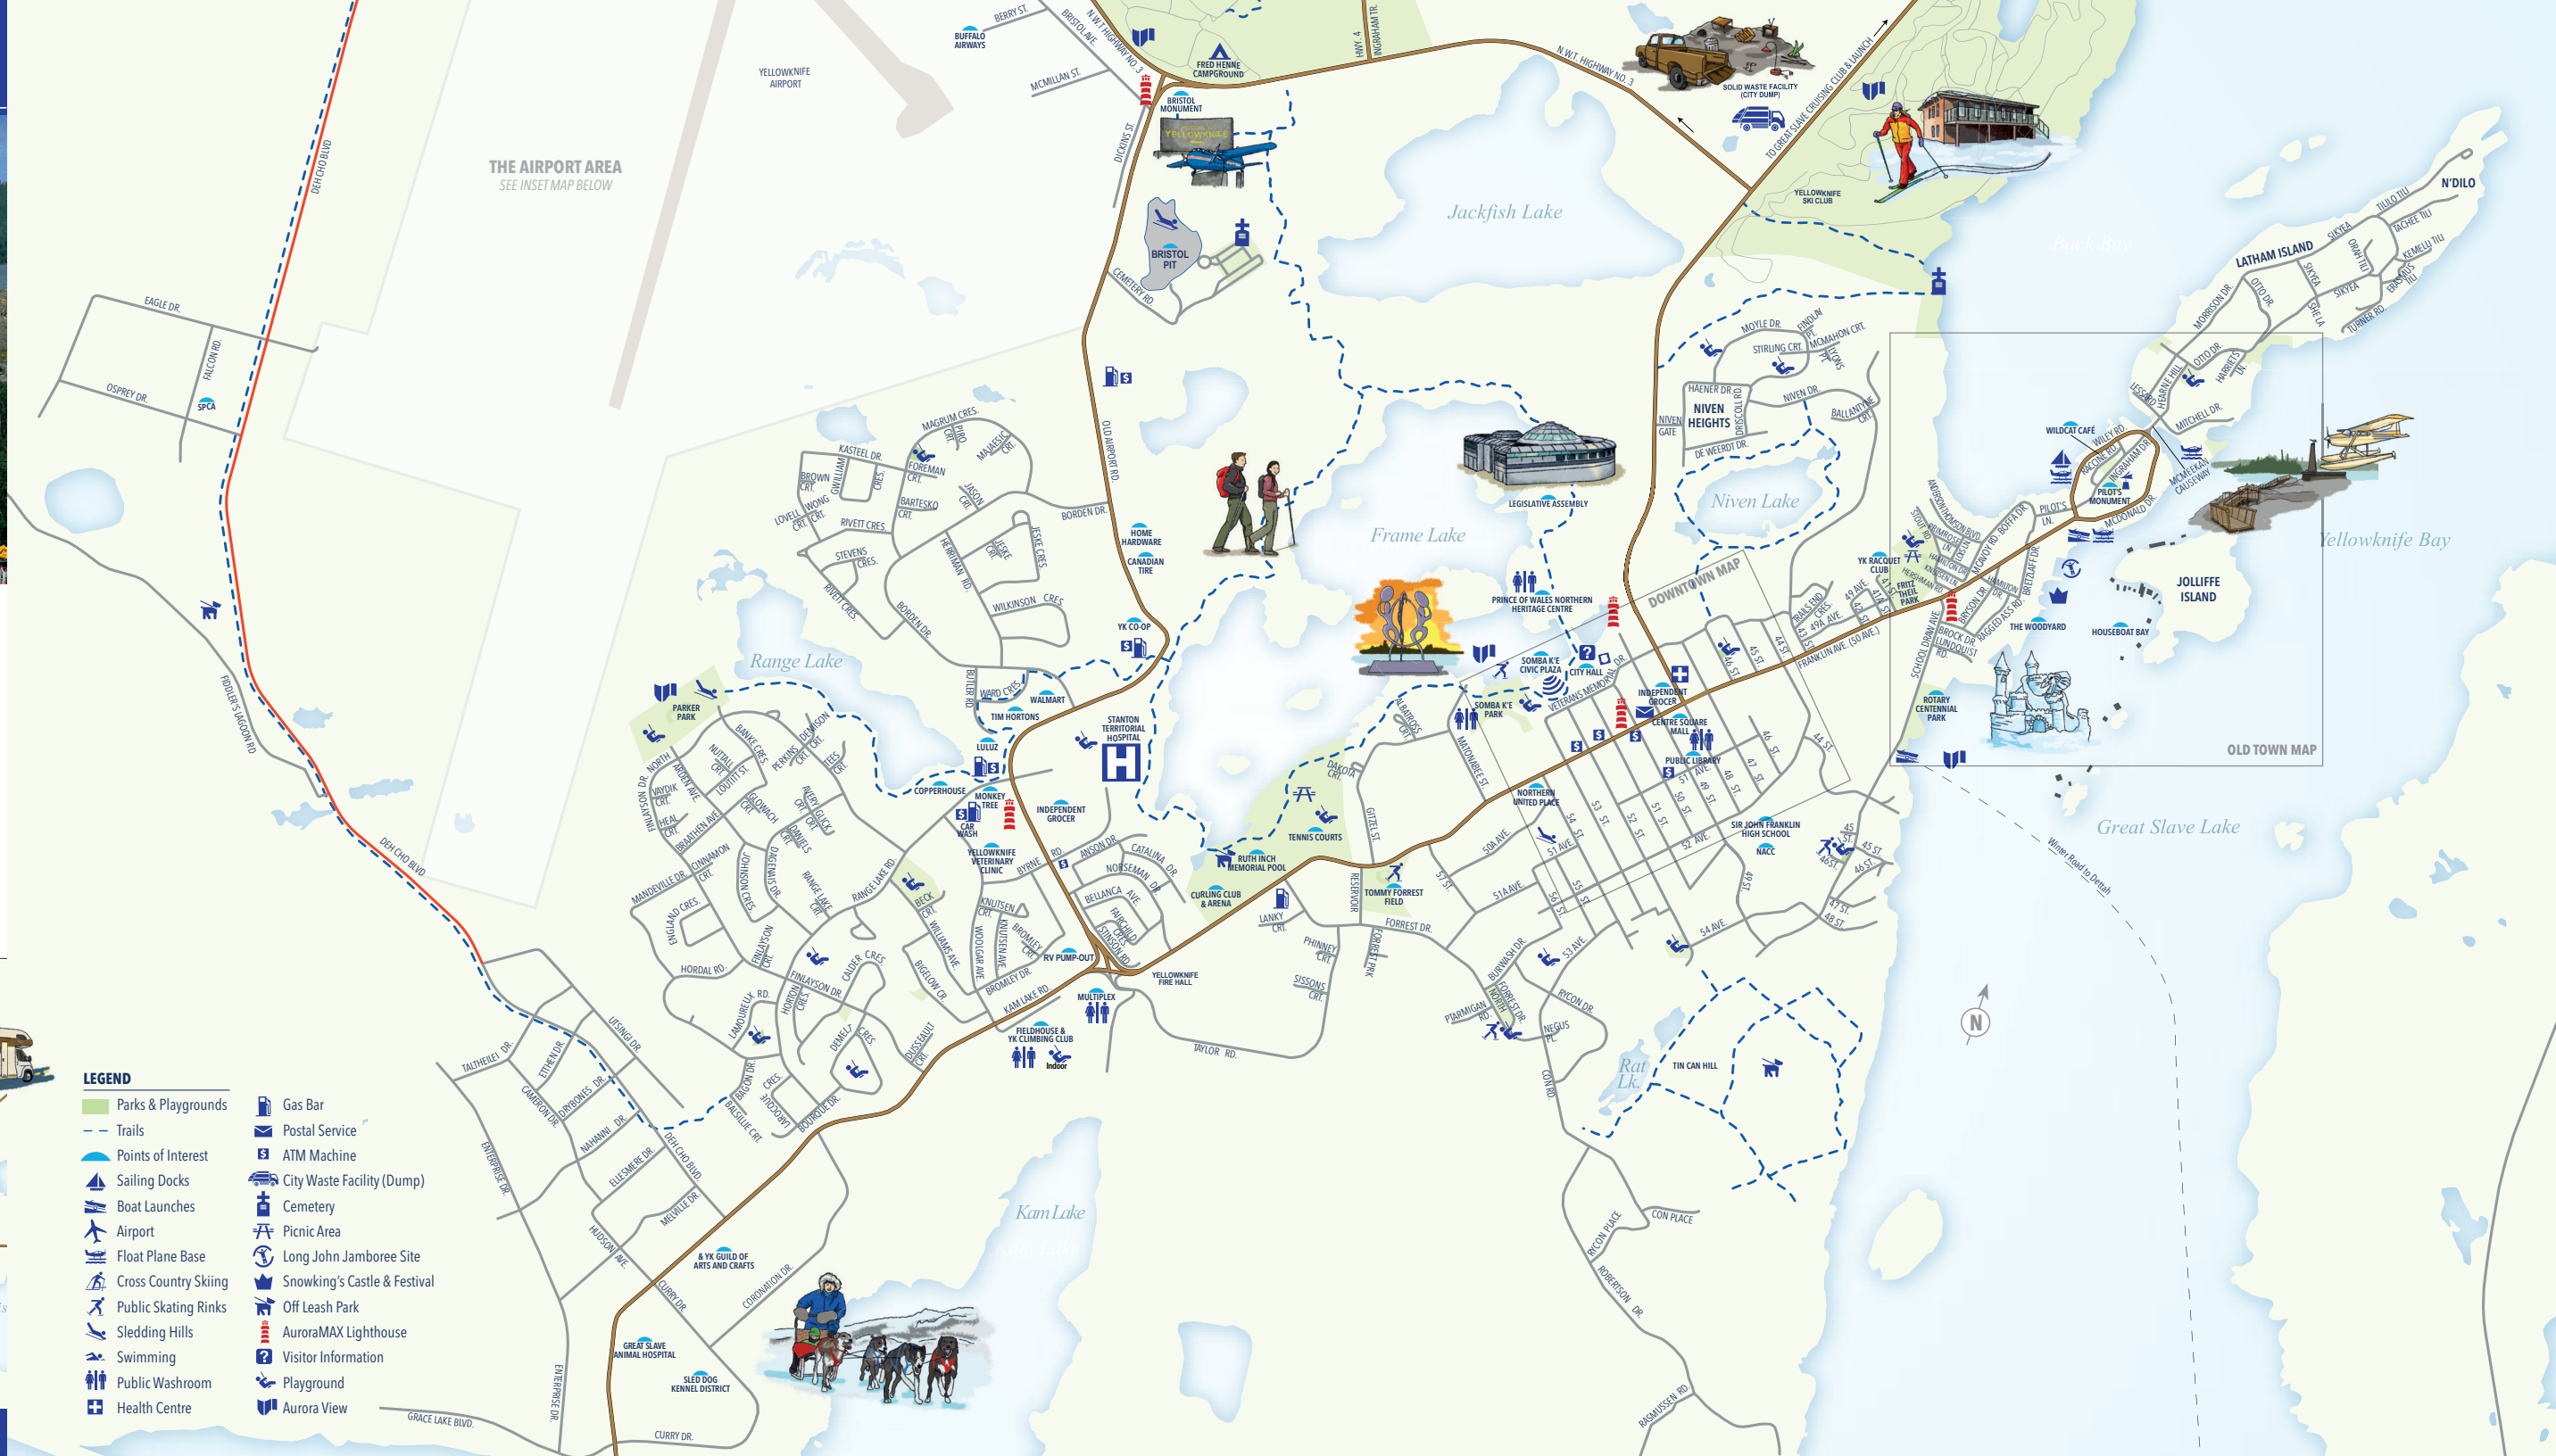

bars and good places to eat, or you can go straight at the intersection by the fire hall and head down to the Kam Lake neighbourhoods. This is one of Yellowknife's most interesting but downplayed neighbourhoods. It's home to more boutique businesses as well as large kennels where local mushers keep their sled dogs. Let them be your guide to the city.

Wandering up the hill along Franklin Avenue, you'll reach Yellowknife's downtown core—home to our boutique stores, cafes and restaurants, and an exciting nightlife at several unique bars and pubs. You can stay on Franklin Avenue (the city's main drag) until it turns into Old Airport Road, and you'll find more busy

Wherever the roads take you, under the midnight sun or the Northern Lights, you'll be experiencing a city unlike any other in Canada.
