COMMITTEE VACANCIES (5)

Zoning By-law Review Committee

The City of Yellowknife is currently seeking volunteers to fill five (5) vacancies on its Zoning By-law Review Committee: two (2) from the property management or development industries, one (1) from an environmental organization, and two (2) from the public at large. This advisory committee will be responsible for providing input during a fundamental review of the Zoning By-law this fall.

Individuals should submit a Letter of Application, explaining their interest in serving on the committee, to the City Clerk, Yellowknife City Hall, P.O. Box 580, Yellowknife, NT, X1A 2N4; email cityclerk@city.yellowknife.nt.ca; or fax 920-5649.

For further information, please contact the City's Planning and Lands Division at 920-5614. The deadline for receipt of applications **has been extended until Friday, August 13, 2004.**

ENVIRONMENTAL PROGRAMS

Get Ready for Bluefish!

The City is getting ready to run the storm drain marking program again this summer! The marking program, aimed towards children, has volunteers paint blue fish by storm drains to raise public awareness that items entering the storm drains end up in nearby lakes, and can destroy habitat that fish and aquatic life need to survive.

Anyone interested in volunteering some of their spare time to take part in the painting, either on weekends or weekdays (both kids and adults are welcome!), should contact the Environmental Coordinator at 920-5689.

LANDFILL HOURS

As this Monday (August 2, 2004) is a holiday, the regular hours at the landfill will be in effect in order to allow better public access. The landfill will therefore be open from 8 a.m. to 6 p.m. The restricted hours will shift forward one day, and on Tuesday, August 3, the landfill will be open to the public only from 4:00 to 6:00 p.m.

Grass and Yard Waste

The City would like to inform residents that the garbage contractor will not pick up more than two bags of grass or yard waste per household per week. Please take advantage of the "grass-cycling" area at the landfill instead of leaving yard waste out with your regular garbage.
