### PUBLIC MEETING

#### Integrated Parks, Trails & Open Spaces Study

The City of Yellowknife has retained Dillon Consulting Ltd. to prepare an Integrated Parks, Trails and Open Spaces Study. This project will take roughly 5 months to complete, and will result in a plan that addresses the development of green spaces, balanced neighborhoods and interconnected trail systems throughout the City.

After two months of talking to residents, community groups and the general public, the project team is now at the stage of taking your ideas and developing a vision and set of policies and recommendations on the City's parks, trails and open spaces. The team is now focused on more mapping of your recommendations, the ecology component, and policy/budget development.

Once the report is complete, a public information session to share findings will be held in the lower boardroom at City Hall. Details will be posted shortly to the City website at [www.yellowknife.ca](http://www.yellowknife.ca).
