

NOTICE

Somba K'e Civic Plaza Construction

Progress Photos

Construction of the new Somba K'e Civic Plaza is underway! Residents can follow the progress of the Somba K'e Civic Plaza's development on the City's website at www.yellowknife.ca, where photos and reports will be posted along with the conceptual plan for the park. Photos will be updated regularly.

In order to construct this beautiful new park, the City would like to note the following unavoidable disruptions:

City Hall Parking/49 Avenue

Visitor parking for City Hall has been relocated to the current Somba K'e park, next to the old Gerry Murphy site. 49 Avenue is currently under construction and is open to **local traffic only** which include conducting business at City Hall. Disabled parking spots and loading zones are still available along 49 Avenue until further notice.

Bill Payments

During construction, City Hall will be open for business and payments can continue to be made with the receptionist during regular business hours. Please use caution when walking to City Hall and through the construction zone. The City would like to remind its residents that **online payments** are also available. Please visit the City's website at www.yellowknife.ca to use the City's online payment service.

Trail Redirection

The Frame Lake Trail will remain open; however it will be diverted away from the waterfront. Please use caution when walking near the construction area.

The City thanks residents for their patience during this construction phase. As the development of the Somba K'e Civic Plaza progresses, additional changes to services will occur. Advertising of these changes will be made in the Capital Update, on the radio, on the website and on the electronic signs at the arenas.

For more information, please call the City at 920-5634.

STREET LIGHTING

If you see a streetlight that needs repair, contact Northland Utilities at 873-4865. Please provide the streetlight pole number or the street address of the lamp needing repair. Help keep our streets safe!

FIRE SAFETY AND EDUCATION**Late Night Cooking Dangers**

Coming home after a party and feeling hungry? Order out! Cooking and then falling asleep while waiting for the food to cook has contributed to a number of fire calls over the years. Smoke fills your home, and sets off your detectors. If you live in an apartment complex, it will set off the alarms to the entire building. A fire may start depending on the type of pot and what you are cooking. It's far safer, cheaper, and less embarrassing to order out. Be safe! Be smart!

For more tips on Fire Safety and Prevention, call the City's Fire Division at 766-5502.
