The City would like to remind residents that there is a specific location at the landfill site for leaves and grass clippings. Please take advantage of this "grass-cycling" area instead of leaving yard waste out with your regular garbage. The City's collection contractor is not required to pick up any such waste.

PUBLIC INFORMATION SESSION

Did you know that there is significant energy stored in the Con Mine below Yellowknife?

The City of Yellowknife is conducting a feasibility study to determine the viability of using this heat within the community for heating homes and buildings. A world class research team is studying the concept in an extensive year long process, which is broken into three phases. Phase one of the process has been completed and focuses on defining the resource. A public information session will present the findings of the phase one work on May 15, 2008 at 7:00 p.m. in City Hall's Lower Boardroom.

For more information, please call 920-5653.

DID YOU KNOW...**Tarp Your Load**
