Total Expenditures (By Object)	4,134	138	4,772	4,874	5,551	5,872	5,964	

Note:

- (1) Revenues are estimated based on user fee increases of 11% in 2023 and 2024 and 2.11% in 2025.
- (2) The administration fee transferred to the General Fund is based on the estimated cost of administrative services provided to the Solid Waste Management Fund.
- (3) The negative closing balance is largely due to landfill closure liability, which saw a one-time adjustment of \$16.1M in 2014 and annual accruals of between \$0.4M to \$1.4M since then.
- (4) The Administrative Assistant position, supporting the operation of the weigh-out scale, was approved to start mid-2022. A Manager, Environment Monitoring and Compliance position, cost-shared with the Water & Sewer Fund, is recommended in 2023. One of the Sustainability Projects Coordinators is currently funded by the Capital Fund. It is recommended that this position be funded by the Solid Waste Management Fund, starting in 2023.
