

CITY OF YELLOWKNIFE

FREQUENTLY ASKED QUESTIONS ORDERLY USE OF HIGHWAYS PERMITS

When are these permits needed?

These permits are needed when sidewalks or roadways are going to be affected by activities that are not classified as a special event. This includes construction, filming, and storage (i.e. dumpster on road).

When are these permits NOT needed?

These permits are not needed for construction that is being done under contract with the City, or for special events. Contracts with the City include the annual paving and water and sewer upgrade contracts, as well as water and sewer service repairs done by contractors. Anyone planning a special event that will affect road access is required to fill out a form found within the Highway Traffic Bylaw (4063) with Municipal Enforcement Division.

What needs to be shown on the sketch or drawing?

The sketch or drawing that must accompany the permit application needs to show the area that will be affected by the work (i.e. a basic map with street names), any areas that will be blocked off (sidewalks, lanes, parking meters), and any detours that are required.

When should the permit be submitted?

The permit must be submitted a minimum of 3 full business days before the work is scheduled to take place. There is no guarantee that forms submitted the day before work is scheduled to start will be completed that day.

Are signage and road blockades included with the permit?

Permit applicants are required to provide their own signage and road blockades.

ORDERLY USE OF HIGHWAY PERMIT APPLICATION
For Use in the City of Yellowknife Only

This permit application will take a minimum of 3 full business days to be reviewed and signed off by City Staff.

Instructions:

For questions regarding this permit, please contact the City at 867-920-5600.

DURATION OF THE ACTIVITY

From: Date: _____ Time: _____

To: Date: _____ Time: _____

The above described location of street occupation, and as sketched in the area below, is for the purpose of construction, alteration, repair, maintenance, demolition or other work situated on or adjacent to the above property.

SKETCH AREA (or provide attached drawing)**The Applicant shall:**

- Comply with all terms and conditions of the permit;
- When required by the Designated Officer, provide proof of liability insurance covering the work being done;
- When required by the Designated Officer, provide security in a form and amount acceptable to the Designated Officer;
- Follow all current requirements of the National Building Code, Occupational Health and Safety Regulations and observe all Territorial Acts and City By-Laws;
- Notify the Fire Department, Emergency Services, Municipal Enforcement Services, and the RCMP of the activity and the planned highway use or closure;
- Undertake any and all work on City water, sewer and roads in accordance with the Servicing Standards Manual;
- When required by the Designated Officer, formally notify all individual residents, organizations or businesses affected by the use or closure at least three (3) days prior to the proposed use or closure;
- When required by the Designated Officer, advertise appropriately, placing event notices in the local papers and on all local radio stations prior to any use or closure taking place;
- Expeditiously carry out completion of all work to which the permit relates;
- When required by the Designated Officer, provide a traffic detour plan for City approval prior to complete use or closure of a roadway;
- Provide all traffic and pedestrian control barricades and signs;
- Where traffic flow is reduced to one (1) lane, or as directed by the Designated Officer, employ qualified flag people;
- Ensure that access for emergency vehicles is available at any and all times;
- Ensure that pedestrian access is maintained safely to all businesses during normal operating hours;
- Pay for occupying metered parking stalls as required by the Municipal Enforcement Department;
- Undertake the work in such a manner as to do the least possible damage to any municipal infrastructure encountered;
- Ensure that the collection of solid waste is accommodated;
- Keep the work site clean and free of debris and take measures to control dust and tracked debris to the satisfaction of the Designated Officer;
- Restore or replace any disturbed or damaged surface works or appurtenances to City standards unless otherwise approved by the Designated Officer; and
- Provide sufficient clearing force to remove all debris and waste after the activity is complete.

The Applicant(s) hereby agree to indemnify and save harmless the City of Yellowknife from any and all manner of actions, suits, claims and demands of any nature and kind whatsoever which shall have arisen or may arise by virtue of the construction, alteration, repair, maintenance and/or demolition contemplated by the permission and further agrees to waive any and all manner of actions, suit, claims, and demands that the Applicant(s) may have against the City arising out of those works, the permission granted by the City, and any acts of the City relating to the works and permission.

Where the works to be carried out for the Owner are to be performed in whole or part by a Contractor, the Contractor shall be added as a signatory and shall be jointly and severally liable hereunder with the Owner, and shall be subject to all the terms and conditions herein.

Applicant(s) agrees to and accepts the terms and conditions of the permit as outlined above.
