

SNOW ANGELS COMMUNITY PROGRAM GUIDELINES

The Snow Angels program matches community volunteers with neighbours who are unable to clear snow from their properties during the winter.

Snow Angel Requests

- All residents can submit a request for a Snow Angel. However, the program mainly targets the elderly and people with mobility issues. Consideration will also be given to non-profit organizations depending on need.
- Please outline what areas require attention and any other special details for your property.
- To best assist your Snow Angel, please have lights turned on outside (mornings and evenings) after a snowfall so that properties are well lit.
- Please indicate on your request form if you can provide a shovel for your Snow Angel.
- Please be advised that most Snow Angels will come in the evenings or on the weekends. It is rare for a Snow Angel to be able to come on a weekday morning after an overnight snowfall.
- Please contact the City at any time if issues arise pertaining to your Snow Angel arrangement.

Snow Angel Volunteers

- Please make every attempt to shovel snow at your assigned property within 24 hours of a snowfall. You do not need to contact the resident prior to shovelling – just go!
- Please indicate on your form if you can bring a shovel or require one to be provided.
- Please indicate on your form if you work a camp rotation that has you out of town for half the week or month.
- Please advise the City if you will be away at any time during the winter so that coverage can be arranged during your absence.
- Please contact the City at any time if issues arise pertaining to your Snow Angel arrangement.
