**Important Information about New Additions:**

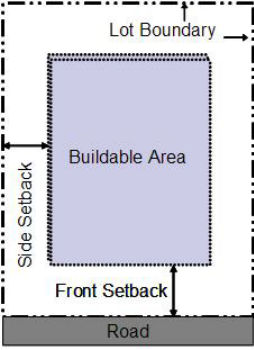

Replacing a structure previously approved by a Development Permit with a new structure of the same dimensions does not require this checklist.

Installing additional insulation on an existing structure requires 'Form G' instead of this checklist.

Constructing an Addition requires the Applicant to obtain a Building Permit.

An addition may require a Development Permit at the discretion of the Development Officer.

Residents requiring assistance with this form may come to City Hall from Monday to Friday between 8:30 AM – 4:30 PM, **OR** call 920-5600 and ask to speak to a Planner/Development Officer, **OR** e-mail [permits@yellowknife.ca](mailto:permits@yellowknife.ca). Information is also available through the Planning and Development Department Website.
