Introduction

Reconciliation Framework

The City of Yellowknife Reconciliation Framework is the foundation for how the City works to build respectful relationships with, and create a more inclusive representation of, Indigenous Peoples within the City of Yellowknife.

Please refer to the Reconciliation Framework for:

- Background on the City's Reconciliation journey;
- Overarching goals and principles of the City's Reconciliation initiatives; and
- How the City will engage Indigenous peoples, Indigenous governments, Indigenous organizations and the community at large on the City's Reconciliation initiatives.

Structure of the Action Plan

This Action Plan supports the Reconciliation Framework. The Action Plan lays out concrete actions the City plans to take to move forward on our collective Reconciliation journey.

This Action Plan includes:

1. **Current Actions**, which the City has committed to taking, description of the work, the partners the City intends to involve, and the expected timeline;
2. **Past and Ongoing Actions**, which the City has already taken; and
3. **Possible Future Actions**, which are within the City's mandate that the City received through the "Reconciliation: Starting the Conversation" discussions and from reviewing initiatives taking place in other municipalities which might become actions the City chooses to undertake in the future.

Review and Additions

This Action Plan is a living document that will be refreshed and adapted to reflect the City's work and priority areas across our community.

This Action Plan will be reviewed and updated regularly, and will be presented to Council at a minimum of once per year.

Items will be added to the Action Plan based on ideas and feedback from the Yellowknives Dene First Nation, the North Slave Métis Alliance, other Indigenous governments, institutions individuals and organizations, and the community at large.
